

POLAR PAK[®]
YOUR COMPLETE FOOD PACKAGING
SOLUTIONS CATALOG

■ PROVIDING PRODUCTS THAT MAKES LIFE FUNCTIONAL

Polar Pak is one of the leading manufacturers of food packaging solutions, serving the food processor, bakery and grocery.

Our food packaging solutions includes Tamper-Evident containers like Smart-Tab® containers that have an innovative pull tab that works just like a soda can but the lid is resealable again and again and the tab will stay raised to warn you that the container has been tampered with.

All of our manufacturing plants are BRC- and Kosher-certified and comply with all industry standards for safety. Our materials are approved for food contact, and our facilities are inspected regularly by third-party auditors.

We value creating products that make life better.

■ SUSTAINABILITY VISION

The Novolex vision for sustainability is to innovate more sustainable choices for our customers, operate responsibly and invest in our people and communities. We bring this vision to life every day through our ongoing focus on efficiency in our operations, as well as through partnerships with customers, suppliers, communities and others in the industry to develop solutions that reduce the impact our products can have on the environment.

■ Novolex sustainability partnerships

The mark of
responsible forestry

Forest Stewardship Council®

The FSC® promotes environmentally appropriate, socially beneficial, and economically viable management of the world's forests. The unique role of the FSC is to bring together people, organizations and businesses to develop consensus-based solutions that promote responsible stewardship of the world's forests.

Sustainable Forestry Initiative®

SFI® promotes sustainable forest management in North America and supporting responsible procurement globally. SFI directs all elements of the SFI program including the SFI forest management, fiber sourcing, and chain-of-custody standards, labeling and marketing. SFI certified products provide assurance that the paper used in these products represent a sound environmental choice with raw materials from certified forest content or certified sourcing. Novolex uses SFI Trademark License Code 01567.

Biodegradable Products Institute

BPI is North America's leading certifier of compostable products and packaging. Their certification program ensures that products and packaging displaying the BPI logo have been independently tested and verified according to scientifically based standards—ASTM D6400 or D6868 standards—for Duro products. The BPI logo also helps industrial composters know that our products will break down as expected and contribute to healthy soil amendment.

American Society For Testing And Materials (ASTM)

This specification establishes the requirements for labeling of materials and products (including packaging), wherein a biodegradable plastic film or coating is attached (either through lamination or extrusion directly onto the paper) to compostable substrates and the entire product or package is designed to be composted in municipal and industrial aerobic composting facilities. In order to compost satisfactorily, the product must demonstrate each of the three characteristics as follows: (1) proper disintegration during composting; (2) adequate level of inherent biodegradation; and (3) no adverse impacts on the ability of composts to support plant growth.

Sustainability brands

Our catalog features:

Expanded line of rPET Products: Using recycled PET (rPET) helps reduce the environmental impact of our products and supports the circular economy. In a circular economy, packaging can be recycled and converted into raw material that can be used to make new products. We now feature products made with 25-100% post-consumer recycled (PCR) rPET. We call our expanded line Eco Blend™. Inquire about our growing capabilities in this area to learn more about how we can tailor solutions for your sustainability requirements.

ECO BLEND™ PURA

Our products manufactured with **Eco Blend Pura™** rPET are made entirely from 100% PCR rPET. Eco Blend Pura material can be used to make food packaging Item#s across our PET portfolio of products. These are suitable for packaging a wide range of food Item#s from baked goods to fresh produce and are recyclable where facilities exist.

ECO BLEND™

Products manufactured from **Eco Blend™** rPET are available containing 25%, 50% or 75% PCR content, blended with post-industrial (PI) recycled material and virgin resin. This offers customers the same superior shelf display and food safety as traditional PET, but with an added environmental benefit based on each customer's sustainability goals.

Novolex®, a leader in packaging choice, innovation and sustainability, is introducing food packaging containers that are both recyclable, where facilities exist, and made with a minimum 10% post-consumer recycled (PCR) content. Look for this logo throughout our catalog.

How2Recycle® and consumer education

As part of our commitment to consumer education, Novolex uses the How2Recycle® and How2Compost™ labels on stock products and works with customers to encourage their use on branded items.

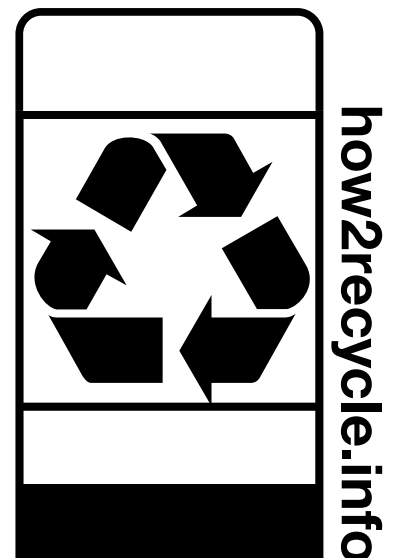

How2Recycle® is a standardized labeling system that clearly communicates recycling instructions to the public. When applicable, it includes instructions on how to properly clean a product before recycling.

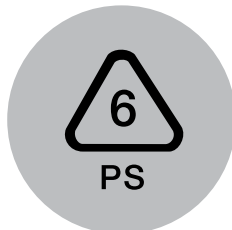

How2Compost™ labels inform consumers if a product is compostable in commercial composting facilities. The label is available to use on packages that have gone through the Biodegradable Product Institutes (BPI) certification process.

BPI certification is open to products that meets the requirements in ASTM D6400 or D6868 based on testing in a BPI-approved laboratory.

Material types

Most WNA products can be either single-use (use and throw away) or hand-washed and reused. Our plastic tableware products are recyclable where facilities exist. Recycling facilities may not exist in your area. Please support recycling in your community.

Material types	Performance features
Polyethylene terephthalate Recycled polyethylene terephthalate PET / PETE / RPET	<ul style="list-style-type: none"> • High-Gloss finish • Excellent clarity • Lightweight • Resistant to cracking and crushing • Temp range 0°F to 140°F
High density polyethylene HDPE	<ul style="list-style-type: none"> • Good flexibility • Lightweight • Good impact resistance • Temp range 32°F to 175°F
Low density polyethylene LDPE	<ul style="list-style-type: none"> • Excellent flexibility • Lightweight • Resistant to cracking • High impact strength • Temp range 0°F to 150°F
Polypropylene PP	<ul style="list-style-type: none"> • Durable • Strong • Heat resistant / microwavable • Retains flexibility at low temperatures • Temp range 32°F to 215°F
Polystyrene PS	<ul style="list-style-type: none"> • Rigid superior strength • Exceptional clarity • Temp range 40°F to 180°F
Acrylonitrile Butadiene Styrene ABS	<ul style="list-style-type: none"> • Durable • Strong • Heat resistant / microwavable • Retains flexibility at low temperatures • Temp range 40°F to 185°F

■ Custom packaging design

As menus and food trends evolve, we want to grow with you. From Concept to Completion, our engineers and in-house design team, work with you to seamlessly develop the product that is right for your application. Therefore, if we do not have a product that fits your needs, we can develop an innovative custom product complete with custom embossing that will result in your distinctive branding success.

Our customization process below shows how we work with you to design the best packaging to meet your needs and satisfy your customers.

■ Concept to completion® in 6 steps

1

LET'S TALK

We will meet with you to better understand your goals and discover how we can develop a custom product that meets your business needs.

2

LET'S COLLABORATE

Our in-house design team will hand draw some possible solutions, get your input and revise as necessary.

3

LET'S SEE

Working off the sketches, our design team will create a dimensionally accurate digital model.

4

LET'S GET REAL

Using the computer renderings, we'll create a physical model using rapid prototyping technology to provide a real-life example of shape, size and user experience.

5

LET'S GIVE IT A GO

When the initial design is perfected, we'll create functional samples of your product out of the actual materials. At this stage we'll test for things like strength, lid-fit and leak resistance.

6

LET'S WOW

Once approved, we will begin production and deliver a custom package that help you build your brand and satisfy your customers.

BAKERY AND CONFECTIONS

Flat cake bases

PERFORMANCE FEATURES

- For cake size 6, 7, 8, 9 and 11"

	Item#	Description	Cake size	Packaging Size (in.)	Style
	5066013CL	6" clear flat cake base 200/cs	6" cake	8"	Flat
	5D100ACL	7" clear flat cake base 200/cs	7" cake	9"	Flat
	5E100CL	8" clear flat cake base 4/50	8" cake	10"	Flat
	5F100-CL	9" clear flat base 200/cs	9" cake	11"	Flat
	CKBF13CL	13" clear flat cake base 1/25	11" cake	13"	Flat

Ring cake bases

PERFORMANCE FEATURES

- For cake size 6, 7 and 9"

	Item#	Description	Cake size	Packaging Size (in.)	Style
	5C100RBCL	6" clear ring cake base 200/cs	6" cake	8"	Ring
	5F100AOCCL50	9" clear ring cake base 1/50	9" cake	11"	Ring

Undersize cake bases

PERFORMANCE FEATURES

- Cake bases for undersize 7" cakes

	Item#	Description	Cake size	Packaging Size (in.)	Style
	5D100ACL	7" clear undersize cake base 200/cs	7" cake	9"	Undersize
	5D101ACL2	7" clear undersize cake base 200/cs	7" cake	9"	Undersize

Fluted lids

PERFORMANCE FEATURES

- Nice clarity and fluted design

	Item#	Description	Cake size	Packaging Size (in.)	Style
   	5C037	6" clear fluted dome 3.75" deep 200/cs	8"	3.75"	Fluted
	TRI30801	8" clear fluted dome 351311 (low) 400/cs	8"	2"	Fluted
	5D032	7" clear fluted dome 3.25" deep 200/cs	9"	3.25"	Fluted
	5D010-3	7" clear fluted dome 1" deep 200/cs	9"	1"	Fluted
	5D050	7" clear fluted dome 5" deep 200/cs	9"	5"	Fluted
	5D023	7" clear fluted dome 2.312" deep 200/cs	9"	2.3"	Fluted
	5D040-1	7" clear fluted dome 4" deep 200/cs	9"	4"	Fluted
	5D018-1	7" clear fluted dome / 8" pie deep 4/50	9"	1.875"	Fluted
	5E034	8" clear fluted dome 3.4" 200/cs	10"	3.5"	Fluted
	5E050	8" clear fluted dome 5" deep 200/cs	10"	5"	Fluted
	5F021	9" clear fluted dome 2.12" deep 200/cs	11"	2.1"	Fluted

Panel dome lids

PERFORMANCE FEATURES

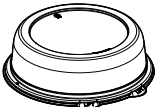

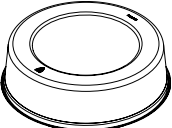

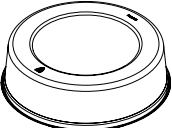

- Great clarity on the lids
- For cake sizes 8, 9 and 11"

	Item#	Description	Cake size	Packaging Size (in.)	Style
 	5E050-PD	8" clear panel dome 5.0" deep 200/cs	8" cake	10"	5"
	5F021APL50	 9" clear undersize panel dome 2.125" deep 1/50	9" cake	10.5"	2.1"
	5F050-PD	9" clear panel dome 5.00" deep 200/cs	9" cake	11"	5"
	5F035-PD	9" clear panel dome 3.50" deep 200/cs	9" cake	11"	3.5"
	CKDP11525	11" x 5.25" clear panel dome 1/50	9" cake	11"	5.25"
	CKDP13575	 13" X 5.75" clear assembled panel dome 1/25	11" cake	13"	5.75"

Smooth lids

PERFORMANCE FEATURES

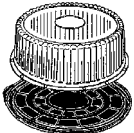

- Provides perfect visibility

	Item#	Description	Cake size	Packaging Size (in.)	Style
	506630-PL	6" clear cake smooth dome (medium) 200/cs	6"cake	8"	3"
	506640PL1	6" clear cake smooth dome (deep) 200/cs	6"cake	8"	4"
	5D020-PL-2	7" clear smooth dome 2.0" deep 200/cs	7"cake	9"	2"
	5D021-PL	7" clear smooth dome 2.125" deep 200/cs	7"cake	9"	2.125"
	5E038PL	8" clear cake smooth dome 3.875" deep 200/cs	8"cake	10"	3.875"
	5F027-PL	9" clear cake smooth dome 2.75" deep 200/cs	9"cake	11"	2.75"

Fluted combos

PERFORMANCE FEATURES

- Functional and sturdy

	Item#	Description	Cake size	Packaging Size (in.)	Style
	7445	8.5" medium clear base/clear lid 100/100 ops	1/2 - 8"cake	1/2 cake - 10"	4.48"

■ SPECIALTY PACKAGING

■ Customize with debossing

Embossing helps deliver maximum impact, and brand awareness. It adds appeal to our packaging, and encourages your customers to reuse the container.

PROVIDING PRODUCTS THAT MAKES LIFE FUNCTIONAL

SUSTAINABILITY VISION

The Novolex vision for sustainability is to innovate more sustainable choices for our customers, operate responsibly and invest in our people and communities. We bring this vision to life every day through our ongoing focus on efficiency in our operations, as well as through partnerships with customers, suppliers, communities and others in the industry to develop solutions that reduce the impact our products can have on the environment.
