

Cutlerease[®]

BY WADDINGTON[™] NORTH AMERICA

Cutlerease[®] dispensing system delivers cutlery at your fingertips.

Improved hygiene, space savings and reduced waste are just a few of the key benefits Cutlerease[®] provides. Bases are available for one, two or three, mix and match cutlery towers.

■ Clean, hygienic cutlery

Cutlerease® innovative dispensing system improves hygiene and reduces the spread of germs by releasing one piece of cutlery at a time.

OPERATORS

- Tape tabs offer sanitary handling of cutlery refill packs and easy pick up
- Cutlerease® system has no trays or levers; helps prevent transfer of germs and bacteria.
- One piece at a time dispensing supports a take-only-what-you-need mindset and reduces waste.

CONSUMERS

- Cutlerease® system automatically dispenses one piece of cutlery at a time.
- Handle-first delivery maintains cutlery's sanitary eating area.
- Take only cutlery that is needed.

■ Key features

- Each tower holds 120 pieces of cutlery making a three tower footprint able to hold 360 pieces
- New dispenser sizes available, one, two and 3 tower bases.
- Each panel on the tower can be customized with CLINGZ™.
- No plugs or batteries needed

■ Easy to operate and convenient

- Cutlerease® base universal design gives operators flexibility to customize cutlery types and change out towers easily. Handle-first delivery maintains cutlery's sanitary eating area.

- Red indicator tab indicates cutlery is low and time to reload.

- Easy touch release trigger readies cutlery for user to grab and use.

- Enhance your brand by adding custom CLINGZ™ to your dispensers! Contact your WNA sales manager to find out more.
