**EcoSense™**

Eco-Friendly Meets Superior Performance

Looking for a strong, grease and cut resistant alternative to polystyrene? We have the solution – our EcoSense™ line of eco-friendly plates, trays and serving utensils.

Made from more than 40% post industrial recycled content, EcoSense™ has 20% less plastic and will reduce your carbon footprint by at least 50% when compared to polystyrene counterparts.

Made in the USA. EcoSense™ is FDA compliant. Material is Green Circle certified.

EcoSense™ plates have an appealing design that will enhance food appearance in both a formal or informal setting.

EcoSense™ trays are beautifully designed, and conveniently fit our CaterLine® lids made out of recyclable PETE plastic.

Available in various sizes; and in black and white, you'll love the versatility of both the trays and plates.
