**FOR OVER 75 YEARS, SPIRIT HAS BEEN
HELPING OUR CUSTOMERS SERVE THEIRS.**

In 1934, while leisurely enjoying his martini at a Boston hotel, a chemical engineer was unable to reach the olive at the bottom of his glass. He envisioned a pointed spear to retrieve it. Inspired, he added a space for the hotel's name and patented the first swizzle stick. That was the beginning of Spir-it, Inc.

In 1961, two ingenious personalities in California were pondering the fact that consuming too many drinks often made a monkey out of them. As a result, they conceived the idea of a monkey glass-hanger. Next came thoughts of seeing pink elephants; another consequence of having excess libations. The possibilities seemed endless, and eventually grew to include a whimsical collection of three dimensional animal glass-hangers, picks and stirrers. The response was fantastic and Zoo Piks was born. Purchased and moved to Texas in 1977, the product line was diversified to encompass a full range of food and beverage accessories.

In July of 1999, the two companies were brought together to form Spirit. Today the Spirit brand of theme-oriented, specialty and custom designed products serve the foodservice, hospitality and advertising specialty industries worldwide.

Design assistance and expert tooling, molding and decorating capabilities provide a continuity of quality and service.
