

For every application...

We've got you covered.

Three tray styles, one universal lid.

New and improved WNA dome lids* replace the existing round CaterLine® and CheckMate™ lids with enhanced strength, quality, and visual appeal.

Clear PET domes, with the #1 recycle symbol, deliver crack and crush-resistance, are easy to open, and have built-in nesting to provide secure stacking and confident transport.

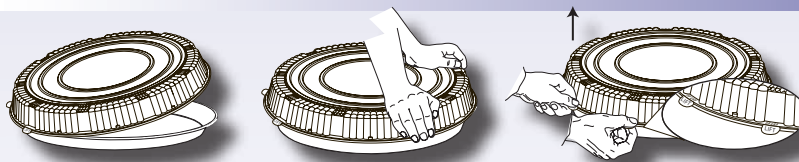

- Two **'Press-n-Lift'** tabs facilitate removal for easy opening without disturbing food.
- Dome edge is trimmed closer to the tray edge to facilitate dome removal and prevent accidental dislodging.
- Nesting feature keeps trays from shifting during transport and functions across multiple sizes.
- Different dome heights are available to accommodate specific packaging needs.

SINGLE STOCKING CONVENIENCE - New WNA dome lids offer great versatility, universally fitting all three tray lines.

- Rigid CaterLine® platters, compartments and serving bowls
- Rigid CheckMate™ platters and sectionals
- New thermoformed CaterLine® Casuals™ platters and sectionals

* Patent Pending

ASSEMBLING TRAY AND DOME.
1. On a flat, level surface, with tabs facing you, align the front of the dome on the tray.
2. Snap the back of the dome in place.

HOW TO REMOVE YOUR DOME FROM THE TRAY.
Grip both tabs; press and lift.
