

Upscale, single-use, environmentally friendly dinnerware.

- Made from **100% recycled** Polypropylene (PP), lengthening the amount of time that raw materials are kept out of the waste stream.
- FDA-compliant material.
- Polypropylene provides a lower carbon footprint and a disposable option for communities that have banned Polystyrene (recycle symbol #6).
- Made in the USA. 
- An environmentally-friendly, single-use option that provides elegance & durability.
- Microwaveable and operates well under heat lamps.
- A 'green' disposable dinnerware option with superior strength with an upscale appearance. Can also be hand-washed and reused for a greater consumer appeal and value.

Product Specifications
